

Which is the best idea?

Using the TASC wheel and the LVT boards you are going to have to decide about the next stage of your project:

Use the Yellow hexagons to brainstorm the topics that you have been working on so far - try to sequence them in order of priority or chronology and choose your best 5 or more ideas

Use the Green Hexagons to work out what you are going to do with the different material you have produced -

What format are you going to produce your display in? publisher / word, powerpoint, audio, etc
